Also we being Onora kept
~~Correon~~

- ~~Shondrea or Shondrea Williams~~ Baby Raye
- Shondrea or Shondrea Williams
- Alyssia Arizona Howard

(DNA, theft to me, slander and larceny, and)
Hacking/tracking from some.
(All has played a part in my abuse, to body or life and theft and taken advantage of)
Also keep giving kids to people, with their DNA, then try to
fight over them, ~~and then~~ and got bit and more.
and dating husband. Eating and more. and kids is money if don't
make none for them, will plot to hurt you. and will plot to get you sick
and will use to hurt you, later while covering it up the whole time.
Riding in Cars, and cards they got in my name, Insurance,
and houses etc., and will make my auto disappear, if want
you to disappear. and also to Filers not putting correct info I said
on paper, and Stealing from me. ~~and~~ And Everyone I get in contact
with he changes paper up and acct.

Has my ~~lottery~~ husband / PCH, and is half brother / sister and half
of husband / son / uncle. Stealing my mail, living off yaluch lane
and fampers with it, takes it away or give or jumpers with it. or have some
missing or destroyed in it, and then makes info or acct disappear and will take it what
Boder for kids cause husband kids and there DNA and then secretly dating. ~~has~~ so I
won't get mail or what I ordered, has my phone double mimicked been since 2014.
then after stealing and mimicking, will first change updates and paperwork
so they can continue to steal, use in my name green / Howard. Benefit all and
assets. He is face and eyes. and ears. That's why haven't been around to
help me, only steal and then they pretend like they do anything. Got my kids
sick, and me and don't want me to see them or make enough so I can't
take care of them or go get them. Had to start putting both my names on checks
because of theft from certain people, and green / Howard, because they been
using my marriage name green / Howard. And he was sleeping (w) me, but
didn't tell me his dad has my DNA, and another reason, used he to steal
from me and lie to me. and been giving my stuff to Correon / Fantasia.
Then, going against my faith, religion and beliefs trying to act as if I
don't have figure of speech, or I can't be connected to more than self. Since
birth and Family and also if he in jail that cause he want to be to look like he and
doing nothing and is and work (w) me daily.

Basically all these people I bringing to court, plus main people responsible for abuse, theft, larceny, Attervening, tampering with evidence, degrading to alter paperwork to fit what they are stealing, apps, paperwork, devices, cards etc. DNA connected and why they covering up my organs and health and sickness and to prove who my husband is and kids. Which they all are sick and kids, me and mother, and uncle and ex and all know it. People avoiding response of questioned I have asked due to my name and theft

and slander of my life and violation of my life.
 also needed to divorce husband to to fidelity and cheating and more don't know how to go about it.
 ex. breaking in my house while I was not there and stealing paperwork etc that I carry all important things with me.
 I have Cancer all over my body, damaged kidneys organs infected, bone cancer, tissue missing, veins burst, busted head, ventestinal problem, heart problems, stomach has a fetus, half developed, inside that man gave to me to carry and is dead. and they know and been covering it up because they been lying to me, saying one thing and see another and avoiding lawsuits... and truth of reality. People has done things to my body and has gained off my life and also police inside job has helped cover it up and helped them, ~~and they been lying to me and covering up my organs and health and sickness~~ and invading life/body, that why been using/staling and wanted me dead. as well because my DNA belong to and connected to, I have diabetes, arthritis, Possible HIV, and Herpes etc. leaking from Anal, all day, ~~and~~ whole in head, and ears, and devices... I was told I was Crazy by police and was forced in a facility violating my Constitutional Rights and Patient Rights, Civil Rights Employee Rights etc. Also all Employers stealing from me also tampering with evidence, cause some connected to the ones stealing from me. Attervening evidence to continue to steal / slander / Attervening.

the reason I signed it is I did not know the difference between my name
 in my name to alter and change that is why take along time to get to court or respond
 and after see me doing talent or jobs, let she tries to copy and give to them.
 copying and signing on phone and like - also telling them the hospitals I don't know how to
 do much or understand words or paperwork. I be forced to sign about they should read it
 and make me understand so I don't sign to stuff I don't agree to. also tell me if I don't
 sign I can't get help or seen in hospitals.
 husband is more than himself and more to him
 Andrew Howard
